SMART, SAFE & SUSTAINABLE BUILDING TECHNOLOGIES CONVENTION ' 22

The conference was a great success, with a diverse group of attendees representing a wide range of industries and expertise. The keynote speakers provided valuable insights on the latest developments in smart, safe, and sustainable building technologies, and the breakout sessions offered in-depth discussions on a variety of related topics. There were numerous networking opportunities throughout the conference, including a networking reception and an exhibit hall featuring the latest products and services from leading companies in the field. Overall, the conference provided valuable information and resources for attendees looking to stay up-to-date on the latest trends and best practices in smart, safe, and sustainable building technologies.

PROPTech CONVENTION '22

The PropTech Convention, held on 24th December, 2022 at Expo Center in conjunction with BuildAsia, was a resounding success. The event attracted over 500 attendees from the real estate and technology sectors, making it one of the largest gatherings of its kind in the country.

The convention featured a packed schedule of keynote speeches, panel discussions, B2B match-making covering a wide range of topics such as the use of artificial intelligence in real estate, the future of property management, the role of Real Estate Investment Trusts in Development of real estate, and the role of proptech in the technology and property sectors.

Attendees had the opportunity to network with industry leaders and explore the latest innovations in proptech through the dedicated PropTech and SmarTech Experience zone, where more than 7+ companies showcased their products and services.
